GIGANTIC RELIEF CAMPAIGN PLANNED

American Red Cross Will Strive to Raise a Fund of \$5,000,000

ALLIES WILL ALLOW PASSAGE OF SUPPLIES

Appeal to Be Made Through 120,000 Churches to Aid 1,000,000 Destitute, Exiled and Starving Armenians and Syrians.

WASHINGTON, Oct. 5.—The greatest American relief campaign to be undertaken since the organization of the American committee has been launched by the American committee for Armenian and Syrian relief. An exhaustive summary of the whole Armenian and Syrian cause has been made public and will be sent to ministers of 120,000 churches and to many citizens and relief organizations. A fund of \$5,000,000 is called for to relieve 1,000,000 destitute, exiled and starving Armenians and Syrians scattered broadcast over Turkey, Persia, Syria and Palestine. The appeal declares that of nearly 2,000,000 Armenians, originally in their native country, three-quarters of a million have been massacred or have died of wounds, disease or exhaustion since the war began.

The state department recently secured Turkey's consent to extension of American relief, provided it is distributed jointly by the American Red Cross and the Turkish Red Crescent. It was announced that the allied blockade had been lifted to allow passage of the supplies. October 21 and 22 have been set aside by proclamation by President Wilson as relief days.

Some of the Armenians cannot be reached at present, since Turkey's consent has not been extended to Armenia proper. Many thousands will be found in Persia, however, and in the sections recently conquered by the Russians, as well as in Syria. In this latter section, the appeal declares, the situation has been made even more terrible by restrictions of the allied blockade and the scarcity of Turkish railroads, by the exportation of supplies for the Turkish armies, and by the destruction of other supplies by a virulent locust scourge.

"People were found eating grass, herbs and locusts," says the committee, "and, in desperate cases, dead animals and human bodies are reported to have been eaten. The people kill and eat street dogs. A short time ago, they killed and ate a dying man."

"Of 450 from one village only one woman lives. She saw her husband and three sons tied together and shot with one bullet to save ammunition. She saw her daughters outraged and then killed. She was carried away by a Kurd, but escaped by night, naked, and after terrible suffering fell in with some refugees."

"Recently 100,000 to 120,000 Armenians arrived at Etchmiadzin, stripped even of their outer garments. There 11,000 people died, and 40,000 more in the country."

"In Aleppo many have only grass to eat and are dying of starvation by the hundreds. At Ezrak more than two hundred Armenians out of 20,000 have escaped death or deportation."

"Of the first caravan of six hundred people sent from Deir Zor to Ana the Arabs killed five hundred on the way. In a native letter from Haleb last week the number of orphans at that place was estimated at 25,000."

DR. R. C. FLOWER DEAD.

Was Alleged to Have Made \$1,000,000 in Stock Deals.

NEW YORK, Oct. 5.—Dr. Richard C. Flower, 79, known throughout the country for stock selling operations from which he was credited with having netted more than \$1,000,000 dropped dead in a Hoboken theater Sunday night, when relatives identified the body. Flower, who operated under many aliases, was a lawyer, preacher, "hedge," an "alchemist" with a secret for the manufacture of rubies, and a Wall street mine operator. Flower was said to have induced the widow of Theodore Hagaman, a wealthy New

York stockbroker, to intrust him with more than half her fortune of \$1,000,000 for investment in his gold mining schemes.

The son of a country clergyman, Flower was graduated from Northwestern university in 1868, practiced law in the middle West and later entered the ministry. When the ministry palled on him he turned "healer" and founded an alleged medical company in which he sold stock. At the time of his last arrest in Toronto in 1914, Flower had been a fugitive from justice nearly 12 years. He was sentenced to serve a term of two years in the penitentiary on Blackwell's island after a plea of guilty to two charges of grand larceny. He was liberated August 1, last and since then had lived at Bayonne, N. J.

OPENING MEETING OF WOMAN'S CLUB

Largely Attended in Odd Fellows' Temple Banquet Hall — Reports and Groups of Songs Enjoyed.

The first meeting of the Woman's club for the fall and winter was held yesterday afternoon in the banquet hall of the Odd Fellows' temple and was largely attended.

Reports of the biennial meeting held in New York were given by Mrs. E. B. Smith, Mrs. J. M. Adams and Mrs. C. C. Fitts and reports of the state federation made by Mrs. E. B. Smith, Mrs. Francis P. Blake, Mrs. Frank W. Nichols and Miss Edith Gilkey.

Mrs. W. H. Bond sang a group of songs accompanied by Mrs. J. Gray Estey and Miss Ruth Brown was heard in a group of songs, with Mrs. F. P. Blake at the piano. The social committee served tea.

The next meeting will be held in the same place.

AFTER-CARE OF PLAGUE CASES.

Private Physicians to Be Shown Methods Used by Hospitals.

NEW YORK, Oct. 5. — Clinics at which private physicians may become acquainted with hospital methods of after-treatment of infantile paralysis cases will be established in various hospitals in New York city, according to announcement made at a meeting of the committee on after-care of victims of the epidemic. A report on the committee's work showed that the various nursing organizations are now treating 3,149 children discharged from hospitals. The number of cases in hospitals was reported at 2,131 with a large number being treated in their own homes.

The Woman's Municipal league sent an offer to aid the committee publicly. It is proposed to conduct an extensive advertising campaign in the newspapers and by means of street car signs and moving picture screen.

PRICE OF PIE ADVANCED.

New York Dairy Lunch Rooms Forced To Raise Rates.

NEW YORK, Oct. 5. — The rising cost of food was impressed upon the minds of citizens yesterday by the action of the largest dairy restaurant here in advancing prices. This corporation, which owns a chain of lunch rooms in New York and other cities has added five cents to the prices of all staple dishes. All pies from now on are ten cents a cut but instead of seven cents to the pie there will be six.

The wholesale price of sugar advanced from 6 1/2 cents to 7 cents a pound yesterday and the retail price from seven to eight cents. The increased demand resulting from the war was given as the reason though it was asserted that 427,185,758 pounds of unrefined sugar is held in government warehouses in this city and that the crops of sugar in this country and Porto Rico are the largest ever known.

CHILD DIES OF INJURIES.

Eva May Richardson of Gilsom Was Thrown Over Dashboard.

KEENE, N. H., Oct. 5.—Eva May, the four-year-old daughter of Mr. and Mrs. F. E. Richardson of Gilsom, died yesterday in the Elliott City hospital from an injury received Tuesday afternoon. Mrs. Richardson with four children was driving down a hill in Gilsom when the horse stumbled and Eva May was thrown over the dashboard.

ARGUMENTS MADE

FOR A CO-RECEIVER

Attorney Fitts Suggested That Martin A. Brown Act in Boston & Maine Affairs.

RUTLAND, Vt., Oct. 5. — Strenuous objection to the reorganization of the Boston & Maine railroad at present under way with the guidance of the president of the road and receiver under the district courts of Vermont and Massachusetts, James H. Hustis of Winchester, Mass., was the basis of the argument of Attorney C. Crooker of Boston, before Judge Harold B. Howe in United States court yesterday. Attorney Crooker appearing for the Boston Minority Stockholders Protective association, seeks to intervene in the receivership case and intimated in court that if he obtains a standing in the courts he will ask for the release of the receivership.

Attorney Clarke C. Fitts of Brattleboro, appearing for Judge Tyler and a number of other small bond and stockholders, moved yesterday for the appointment of a co-receiver, and this was argued at length both by the Brattleboro attorney and the Boston attorney, Judge Howe intimating that he did not wish to try the Vermont branch of the case before the facts are heard in the Massachusetts court where the petition was first filed.

The interests of the directors of the defendant company and of Receiver Hustis were looked after by Attorneys John G. Sargent of Ludlow and W. B. C. Stickney of this city, who opposed the appointment of a co-receiver.

Attorney Crooker again stated his claims as to the mismanagement of the road, while Attorney Fitts called the attention of the court to the money matters of the road. With more than \$14,000,000 in outstanding notes and over \$10,000,000 in cash in the coffers of the railroad, he said, the directors refuse to pay any of the notes.

Attorney Fitts in seeking the appointment of the co-receiver said he did not question for a moment the ability or the honesty of President Hustis, but he did think he was a part of the reorganization, that he was friendly with the majority of stockholders, and that he was thus prejudiced or biased in his stand on the coming reorganization of the road. Attorney Fitts feared the road, under the administration of President Hustis, would spend enormous sums of money.

Attorney Stickney for the receiver pointed to the fact that within the past two years the road had made immense profits and that it would be only a question of time when the road would be able to meet all its financial obligations. Judge Howe intimated that he thought this scheme would work out in time, as long as the property was in paying proposition and the opposing interests had no objection to or did not question the ability of the present receiver.

Attorney Fitts in presenting his motion suggested the name of Martin A. Brown of Wilmington, a big lumber dealer, as a satisfactory co-receiver. Judge Howe questioned the advisability of naming another receiver who might be in direct opposition to the present receiver, and especially a man not familiar with the railroad work and management.

The petition of the Boston creditors for a right to intervene in the case of the Intercontinental Rubber company against the Boston & Maine, in which the plaintiff was successful in having a receiver appointed, was held in abeyance by Judge Howe, who intimated that he would not allow the motion of Attorney Fitts for the co-receiver.

THREW HIMSELF FROM THIRD STORY

Marshall Murray, Vaudeville Actor, Instantly Killed in North Adams Yesterday.

NORTH ADAMS, Mass., Oct. 5.—Marshall Murray, 37, was almost instantly killed yesterday afternoon when he threw himself from a third story window of his mother's home at 176 Union street. He had been ill for some time and is believed to have been suffering from dementia.

Murray was a vaudeville actor and a member of the Marcus Musical Comedy company. He had played in this city several times, but about three weeks ago he came home to rest. He had been acting strangely for a number of days and yesterday when he was alone with his mother attempted to burn his hair off with matches. When the matches were taken away from him he hurled himself through the closed window and struck the ground apparently on his head and shoulders. He lived but a few minutes.

He was born in this city and had always called this place his home, although he had been on the road much of the time for the past 10 years. He leaves three brothers and six sisters.

Not Likely to Be Done.

To remove the water of the Pacific ocean it would require the filling of a tank a mile wide, a mile deep and a mile long every day for 446 years.
